

## **6-6: MOBILE HOME PARKS**

### **E. STANDARDS AND CONDITIONS**

All mobile home parks shall conform to the following standards and conditions.

#### **17. Outdoor Storage Facility**

The outdoor storage area shall be designed in accordance with the following standards.

- a. The storage facility shall contain an area of at least seventy five (75) square feet per dwelling unit for campers, boats, etc.
- b. The facility shall be enclosed by a sight-obscuring fence or wall not less than six (6) feet in height. Plant materials may be used along with the fence to provide the required screening.
- c. The facility shall be readily accessible from the street system of the mobile home park.
